**CRAMER design-based potato planter, optimized in planting and power transmission system.**

**Vibration system to control the number of potatoes per cup.**

**Vibration system under the hopper for better feeding of the planter unit.**

**Ability to access easy adjustment of planting distances from the side of the machine.**

**Planting distance adjustment for 13 positions from 13 to 40 cm.**

**Equipped with furrow covers.**

**Ability to easily empty the seed hopper.**
